

## **DID Foster Dog CV**

### **To be completed by the fosterer/foster family**

Please complete all the questions as it will help ensure the best possible home suited to the dog/pup. Only complete this after the dog/pup has settled in which is usually 7 to 10 days, sometimes longer.

As we usually have no history on the dogs/pups in foster we value your insight and input by observing daily activities and interactions.

**It is possible that more than one answer is appropriate.**

#### **1. What is the dogs' general demeanour?**

Confident

Sad
